A YARD OF ROSES

Well not exactly a "yard of roses," but a flowery hand bill of about a yard in length was the latest effort of the Greater Glendale Campaign Committee in its strenuous efforts to elect its "ticket."

All the good legislation of Glendale's trustees is summed up, and we are told if we want to continue our prosperity, we must elect the "ticket," but they very discreetly over-look the fact that but one man on the ticket had anything to do with the planning and carrying out of these benefits, and a good part of it was done even before his time.

They also fail to remind us of several little things in the record which don't sound so "flowery", such as the attempt to force several big bond issues on the already over-burdened taxpayer, which were repudiated at the polls. The purchase of a supposed fire engine, which turned out to be nothing but a "hose cart" and the resultant expensive lawsuit over the payment for it. The purchase of the "Brand Pumping Plant", which turned out to be only a mass of junk, so that a new pumping outfit had to be purchased and new wells sunk at once, and then to be notified by the City of Los Angeles that we had no right to the water.

Of course these are only a few of the "mistakes" our friend Kirk referred to as might have been made, but it looks to us as if now was a very good time to make a change.

To an outsider it looks as if the main object of the Greater Glendale Campaign Committee was the re-election of Thompson. Hence its nominating a ticket in the hope that the strength of the other candidates would help pull Thompson through, but now it looks like the result might be just the opposite, and the majority of the ticket be dragged down to defeat by its head.

HARD UP FOR UNDERWEAR

Quite a number of petty robberies have been reported during the last week, among them being that several people have been missing articles of clothing taken from their clothes lines, especially underwear. Monday night some one entered the back yard of John A. Logan, of 203 North Central avenue, and took a suit of underwear belonging to Mr. Logan. The same evening and possibly the same person took three suits of underwear belonging to Harry Hayward, who lives at 200 S. Brand boulevard. At this place he left several good pair of silk socks hanging on the line, seemingly to be satisfied with the underwear.

Mr. A. J. Van Wie, of 221 West Cypress street, reported the loss of his bicycle, it having been stolen from his back porch some time during Monday night. No clues to the identity of the robber were found.

The following officers were installed.

Jinx Committee: Roger Brown, John Fanset, Lou Sherman.
Lapsation Committee: Peter L. Ferry, A. H. Dibbern, W. E. Heald.
House Manager, Joseph Fortunato.
Organist, Harry G. Goodwin.
At the close of the installation ceremonies Motley Flint of Los Angeles, Chairman of the Thrift Stamp Campaign for this district, addressed the Lodge and he set forth the critical issues of the war, the needs of our fighting men at the front, and made a stir-

ring appeal to come to the aid of the government by investing largely in war savings certificates and bonds, and thus furnishing the sinews of war and insuring our country against any defeat which might result from the lack of war supplies which money will buy. He made it very clear to all present that patriotism would fall far short of realizing its ideals if after sending our sons to battle in a foreign land we failed to sustain them. As a result of Mr. Flint's stirring arguments, a big sale of thrift stamps took place then and there.

FAVOR'S HENRY FOR TRUSTEE

Why do I favor CHAS. H. HENRY for member of Board of Trustees of the City of Glendale at the coming Municipal Election?

When I voted for the consolidation with Glendale, it was with the firm conviction that it was for the BEST INTERESTS of TROPICO and GLENDALE.

When I voted for recent water bonds, I did so feeling that it was for the BEST INTERESTS of GREATER GLENDALE.

When I cast my vote for the Electric Light Bonds, to be voted on soon, it will be because I feel it is for the BEST INTERESTS of GREATER GLENDALE.

When I urge voters at the polls on April 8th, to vote for CHAS. H. HENRY as a member of the Board of Trustees, I firmly believe it will be for the BEST INTERESTS of GREATER GLENDALE.

BECAUSE:

MR. HENRY was serving on the Tropico Board of Trustees previous to consolidation, and proved a staunch supporter of the City's best interests, open to conviction, but never swayed

by selfish interests:

He is making a clean, open campaign, unhampered by any party affiliations or endorsements by clubs or societies to whom he might, in the future, be under obligations for services rendered:

He is a well known citizen, is thoroughly acquainted with conditions and needs of our City and can serve its people efficiently and economically:

His home and business interests are in greater Glendale, therefore, being a large tax payér, of necessity he will devote his energies to an economical and efficient administration.

A VOTE FOR CHAS. H. HENRY IS A BOOST FOR GREATER GLENDALE.

J. H. MELLISH

GLENDALE, CAL., April 4, 1918
To the editor

In addressing this communication to the citizens of Glendale asking their support at the coming election, April 8, 1918, would say, I have lived in this section of California for five years, and feel that I know as well as any

man the needs of the people of Glendale and will therefore be able to vote on any question that may come up before the Board with that intelligence and broad mindedness that you would require of your Trustee. I have held positions of trust in the jewelry business and in city affairs for over 35 years and have never failed in that trust, handling millions of dollars of other people's property. I am heartily and thoroughly in favor of municipal ownership of all public utilities. Hoping for a favorable action on your part in this matter on election day, I am,

Yours Sincerely,

J. H. MELLISH,

Candidate for Trustee of the City of Glendale, Cal.

+ RED CROSS NOTES +

Don't forget the food sale the local auxiliary is going to give on election day, April 8th, at 503 North Brand, next door to the polling place at Brand and Park avenue. A hot luncheon will be served at popular prices from 11 to 2 o'clock. For the comfort of patrons a comfortable rest room is being fitted up in tasteful style. Mrs. Joseph V. Griffin, chairman of the sale committee, has been very successful in obtaining donations of supplies and has received pledges for sufficient food to accomodate all who may patronize the sale and luncheon.

Mrs. Hal Davenport has accepted the chairmanship of the Hospital Garments Department of the Auxiliary and with other workers will be at headquarters all day every Wednesday. The ladies are doing excellent work and keeping their sewing machines and needlewomen busy.

Old clothes are wanted by the Auxiliary for the Belgians.

The First Aid Class had their examination at its meeting Wednesday evening. The examination consisted of oral, written and practical questions, which covers bandaging, application of splints, artificial respiration, etc. This completes the course of the instruction, which has been given them by Dr. William C. Mabry, who gladly gave his services to the class. Those taking the examination were Mesdames W. H. Bullis, A. Chappin, E. Hearn, F. Heide, M. Spaulding, E. L. Wilson, E. Glassburn, Misses Lu-

cile Crowell, Blanche Davenport, Gertrude Gibbs, Julia Moniot, and Regina Bacon.

Unless another class be organized there will be no more meetings of the First Aid Class.

The Auxiliary is planning to give a chop suey supper or lunch some time in the near future. Professor Parker of Manual Arts High School, of Los Angeles, who was the speaker at one of the open meetings of the Auxiliary, is an expert in the compounding of chop suey, having been carefully instructed in the art by some Chinese friends. He volunteered to come out some time and make it for the organization and they have accepted his offer, and are counting upon the affair being a popular Red Cross benefit.

The regular meeting of the Cerritos avenue Parent-Teachers Association was held yesterday, at the school, Brand and San Fernando boulevard. Parliamentary Law Usage, 2:30; Girls' Glee Club, 3:15; Speaker, 3:30.

Mrs. Harry Greenwalt had for the lesson, the nomination and election of officers, as next month the election takes place.

Miss Marguerite Wetherby, the mu-

sic instructor of the Glendale Grammar Schools, led thirty girls' voices in a group of songs.

Mrs. Jessica C. Hazzard spoke on the ways we can benefit ourselves in home and garden, both physically and financially.

BURGULAR TAKES \$30

A burgular entered the home of Mr. A. J. Wilbur, of 306 North Glendale avenue, early Sunday morning, and took away \$30 from Mr. Wilbur's clothing. Mr. Wilbur was awakened by some one feeling under his pillow, and thinking it was some member of the household he asked what they wanted, whereupon the burglar fled. Getting up and investigating he found that the robber had obtained entrance to the house through a door which had been left open, and that the burglar had taken with him \$30 which was in one of Mr. Wilbur's pockets.

Mr. and Mrs. Ira Scott, of Bisbee, Arizona, were guests Sunday of Mrs. Millen, of Perlita avenue.

NOT A PRO-GERMAN, SAYS MR. SILVIUS

A report is being circulated to the effect that Mr. Frank D. Silvius, candidate for City Trustee, is a pro-German, and other reports are also being circulated to substantiate it, they being that he has never donated to and is neither a member of the Red Cross, and has never purchased a Liberty Bond, etc.

A representative of the Herald called on Mr. Silvius for a statement regarding these reports, and he not only denied them, but went right to work to trace them down and find out where they came from.

He emphatically denied all of the reports, stating that he was a true and loyal American, born and reared in the United States, and ready to do anything he could for it. He is also a member of the Red Cross and has purchased Liberty Bonds.

So, we find upon investigation that Mr. Silvius IS NOT a pro-German, but a patriotic citizen and always has been, and the reports are absolutely groundless, and were probably started to try and injure Mr. Silvius in his candidacy for City Trustee at the election next Monday.

BILLY JUSTEMA AND FRIENDS GIVE CARNIVAL FOR WAR HORSE FUND

Last week a carnival for the benefit of the Red Star was given by Billy Justema on the grounds of his home at 304 South Central avenue. For a good many weeks Billy has been designing booths, pennants, etc. At the booth over which he presided were place cards, bookmarks and pictures which Billy had designed and painted; Julia Perry and Margaret Whiteside were in charge of booths where fresh flowers and ferns were sold; there was a fortune-telling booth where Virginia Hunchberger in oriental costume foretold the future; candy was sold at the booth over which Marjorie McClellan presided; Dorothy Salter managed a booth where magazines were sold, Evelyn Gregg a doll booth, Helen Daniels conducted a fish pond and Thomas McClelland a shooting gallery.

The carnival opened at 2:30, and the children came and went up to the

hour of 5:30. When it was over the children gathered to count the money and found that the penny sales totalled over \$6.00.

The receipts were turned over to Richardson D. White, Superintendent of Schools, Tuesday, and reported at the Assembly of the Intermediate School. Mr. White said that he would send them on to Washington with an account of the carnival to let the officials know how much California children are doing.

WILL START LOAN DRIVE WITH RUSH

Leslie B. Henry made the principal address on the Third Liberty loan last evening at the Union High school. Frank H. Vesper, chairman of the committee for this district, said there was more enthusiasm than ever before and the residents were thoroughly awake to the importance of oversubscribing this loan. Every-thing is in readiness for a hurricane campaign Monday morning. Mrs. Mattison B. Jones has been appointed chairman of the Glendale Liberty loan drive for women, and the work of organizing a strong force of women is going on rapidly. Miss Eva Daniels, secretary of the drive, will give information to any desiring it.

WAR RELICS

The most interesting display of war relics ever shown in Glendale, of the World War, is in the window of

Roberts and Echols, the popular druggists next to the First National Bank. The collection was brought to Glendale by Bert Richardson, who recently returned from the battle front in France where he was in active service.

It includes French and German helmets, swords of these two nations and sharpnel. There are many other articles, besides several pictures taken in France that have been enlarged. It is very interesting and these popular druggists are to be congratulated on their window.

PALACE GRAND OPENING

Big Crowd Sees New Improvements

It seems hardly necessary to write anything about the improvements at the Palace Grand Theatre for Glendale people, because most of them saw for themselves on Thursday night. This was the opening of the mezzanine floor, just completed. In addition to this is the new orchestra, the beautiful lighting effects and the best of projecting pictures on the screen.

The largest gathering ever got together in Glendale was that on Thursday night. The first show was shown to a house completely filled and when the doors opened for the second, a waiting line of two or three hundred were ready and anxious to go in.

The theatre was in A No. 1 shape and everything was ready. The orchestra "done themselves proud" and much praise was heard for them. The lighting effects were beautiful—as good as can be found in any theatre anywhere. And the operator's projection of the pictures and the light was perfect. Flower decorations were freely used around the house.

Another addition is the parking place alongside the Theatre. This is being rapidly put into shape and in a short time will be ready for machines.

The Glendale Ford Agency, which for almost two years had been under the management of Jesse E. Smith, made a change in its management the first of this month, when Howard Walker, C. B. Wilde and C. The Literary Section of the Tuesday Afternoon Club held an unusually interesting meeting on Tuesday afternoon at the home of Mrs. H. E. Bartlett. EAGLE ROCK-EASTER

By Walt Le Noir Church
(Editor of "The Californians")

Five thousand pilgrims were spiritually fed with precept, prayer and praise. In the dusky dawning they climbed the serrated sides of the great altar, Nature erected in the wilderness, the shrine of Indian, Aztec, Toltec—and who knows what fine devotees before—fire-worshippers all—seeking "high places" for the Earliest smile of their deity.

But this 1918 Easter morn was different. For the first time in Centuries, the Holy City of the Sun of Righteousness, and the sepulchre where death could not hold Him, are guarded by His true worshippers.

For the first time, the dauntless hosts of World-Democracy are leagued as blood-brothers to roll away the stone of oppression from the Tomb of Freedom. For the first time, just before that Easter Sunrise, the redeemed people of our beautious "City of Angels" could shout with joy: "Vale! Dragon Rum!" "All Hail, Hygeia!" Goddess of Health to Body, Mind and Soul!

Small wonder that grand jubilee on Eagle Rock was lantered by Three Great Lights. The low-hung gibbous moon smiled back from western San Fernando Valley hills. The benignant morning star beamed its blessings from the eastern rim. At the south point of the radiant triangle on the

summit of Eagle Rock, blazed the glorious cross of redemption.

The mighty heart of the People was mightily moved to prayer and praise, reading new promise in the cryptic message the finger of God had traced in mountain tops along the wall of the sky.

Then the Pilgrim Hosts were bathed in the glory of the rising sun, typing The Sun-of Righteousness who comes with healing on His wings.

Turning to greet his glad coming the soul of Humanity sings:

"The morning light is breaking
The Darkness disappears."
The souls of men are waking
From direful doubt and fears!
The songs and sighs of mothers—
The tidings in the Air
Tell that The Allied Brothers
Are winning "Over There".

**2000 TREES WILL BE PLANTED IN
GLENDALE**

Two thousand shade trees are to be planted in the parkways this season by the city forestry department. The trees will be California liveoaks, camphor trees, carib trees and acacias. The parkways where the trees have been planted in the last two years are being plowed and it is expected by this process to prevent the growth of large roots near the surface, which damages sidewalks. The city is planting one tree to each 50-foot lot and aims to have the plantings as uniform in variety as possible and in har-

mony with the trees already planted. Where property holders desire more than one tree to a 50-foot lot they are permitted to plant trees of their own selection.

At a meeting of the Ministerial Association of Glendale in the Baptist Church, Wednesday, April 3rd, at 10 A. M., it was unanimously decided to keep the hour for the morning and evening service as it has been during the month of April.

WHAT SHOULD BE DONE UNDER NEW WHEAT SAVING RULES

Explained by Federal Food
Commissioner Merritt

NEW FOOD SAVING RULE FOR EACH PERSON

Do not eat more than one and one half pounds per week of wheat or wheat products in any form whatever. Use potatoes, fresh vegetables, corn or barley flour in place of bread.

By RALPH P. MERRITT
Federal Food Administrator for
California.

The new rules for saving wheat just issued, and effective immediately, were called a military necessity in the formal announcement. The fact is more than that. It is almost a matter of life and death to America; a matter of victory or defeat. Our supply of wheat has become alarmingly short and there is no relief in the situation for five months, or until the next harvest. After April 1 there will only be available in California six pounds of wheat flour and wheat products combined for each person. If you eat more than your share you are depriving someone else of his or her rightful share.

This situation puts it squarely up to the people of every state in the union whether they will deny themselves their wheat dishes or will force America on bread rations and the allies to still greater suffering than they are now undergoing. It is the voluntary saving on the part of the individual which will give the answer to this question of life and death. This saving is the acid test of your patriotism.

Briefly the new rules provide that no person should eat more than one and one half pound of wheat in any one week. If your daily breakfast food contains this quantity of wheat or wheat products you have consumed your wheat rations, and should not eat other wheat in ANY SHAPE OR FORM

We now have a fair supply of corn and oats for human consumption and these should be used as substitutes for wheat in every case where it is possible. There are also great quantities of potatoes and fresh vegetables. It is the urgent request of the U. S. Food Administration that every individual give up every bit of wheat or wheat product food and in their stead use vegetables or potatoes or corn or oats. Only by doing this can we be assured of doing as effective work behind the trenches as the soldiers are doing in them.

Many people imagine that the consumption of an ounce or two more or less each day will make but little difference in the sum total of what we must have, but if that 100,000,000 people each saved one pound of wheat per month, in addition to their present reduced consumption of wheat, what a tremendous saving would be effected. It is therefore squarely up to every individual whether we will show our patriotism as a nation or not.

Our country population is more skilled in the preparation of breads from the substitutes than are those who live in the crowded cities. We now have available a surplus of potatoes and vegetables and it is the urgent request of the Food Administration that everyone use potatoes and green vegetables as well as meat, and eliminate wheat and wheat products from their menu as much as possible. Corn and oats may also be used but the drain on rye and barley has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat we are wholly dependent upon the voluntary assistance of the American people and we ask that every household use not more than one and one half pounds per week of wheat products per person. This means not more than one and three fourths pounds of victory bread containing the required 20% of substitutes and about one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes and wheat breakfast cereals all combined.

There is no limit upon the use of other flours but instead of using them the U. S. Food Administration again urges the substitution of potatoes and fresh vegetables.

Many thousands of families throughout the land are now using no wheat products whatever except a very small amount for cooking purposes, and are doing so with perfect health and satisfaction. There is no vital reason why thousands of others cannot do the same

With the arrival of the new harvest we should be able to relax such restrictions but until that time we ask for the necessary patience and sacrifice by the people.

THE NEED OF ECONOMY

When we put a million and a half soldiers in the field we withdraw those men from productive enterprises. They do not while they are actually in training or in service produce anything. They do, on the other hand, consume much. There is nothing more expensive on earth than to support and maintain a great army in the field, especially if it is on the fighting line. The attrition of supplies and everything else is tremendously great when we have a fighting army in the field.

America is the one great remaining storehouse in the world of supplies and credit. We must maintain and make effective as possible our own soldiers and the soldiers of those nations who are fighting with us. We must therefore draw as little as possible upon our common store of supplies and money. The more we lessen our domestic demand the more we can contribute to the support and effectiveness of our allied armies.

Economy is now a national duty, such a duty upon the people at home as fighting is upon those Americans who are bravely offering their lives for the honor of America and the preservation of liberty and justice.

Efficiency means trading nearest to home.
